

Because Knowledge is Power

New Jersey Institute of Technology has a long and rich history founded in 1881 as Newark Technical School and renamed NJIT in 1975. Since its inception, NJIT has grown to become one of America's top national universities, the first in public universities in New Jersey on post-graduation earnings and one of the top 100 producers of STEM graduates.

NJIT is one of the US' leading public polytechnic universities preparing students to become leaders in the technology-dependent economy of the 21st century.

Why NJIT?

- In the top one percent of all public colleges in the US for return on investment by Payscale.com
- #135 National ranking by the US News and World Report's Best Colleges in 2015
- Designated as a National Center of Academic Excellence (CAE) in Cyber Defense Education by the National Security Agency and the Department of Homeland Security
